

St. Luke's McCall is a critical access hospital serving Valley, Adams and Idaho counties, and is a leader in health and wellness promotion. Founded in 1956 as McCall Memorial Hospital, the medical center and clinics integrated with St. Luke's Health System in 2010. In 2023, we opened an expanded, modernized hospital and a new Urgent Care clinic in the community. Our local network includes clinics in McCall, New Meadows and Riggins.
