If the interim reimbursements are greater than allowable costs, then the hospital must remit the surplus amount to the CMS fiscal intermediary.

Also, any surplus amounts resulting from Medicaid Reimbursements that exceed allowable costs must be remitted back to the Idaho Department of Health and Welfare, Medicaid Division.

Form 990, Part VI, Section B, Line 15: Executive compensation is set by St. Luke's boards of directors and is reviewed annually. Compensation levels are based on an independent analysis of comparable pay packages offered at similar institutions across the country, with the goal of placing executives in the 50th percentile of those surveyed. Similar analysis is also completed by St. Luke's leadership for physicians and other health care specialties such as nurses and pharmacists. These surveys are usually done every two years, with the most recent compensation survey completed during calendar year 2012.

St. Luke's Health System is committed to providing the highest quality medical care to all people regardless of their ability to pay.

To keep that commitment, St. Luke's puts a great deal of time and effort into recruiting and retaining the top physicians in a variety of medical fields. Our relationships with physicians range from having privileges at the hospital to full employment.

For those physicians who choose to be employed, St. Luke's must offer competitive pay and benefits.

Physician compensation is based on a range of criteria and can be influenced by a number of variables including:

- Community need for medical specialty
- Experience
- Productivity
- Geography
- National surveys adjusted for local conditions
- Willingness to serve regardless of patients' ability to pay
- Duration of relationship and contractual terms
- Performance on quality metrics

To ensure physician compensation and benefits remain within industry standards and legal requirements for not-for-profit institutions, St. Luke's has a Physician Arrangements policy that specifies circumstances requiring a third-party valuation and also periodically uses third-party consulting firms to review St. Luke's physician compensation arrangements.
