

# Honor Your Caregivers

Kind, personal touches can transform a patient's hospital experience. When you are sick or injured you may feel scared, vulnerable, and concerned about the unknown. What often makes a difference in helping you feel safe and secure is the comfort provided by the skilled caregivers at St. Luke's. While helping you heal, they may offer a caring hug or compassionate ear, or may anticipate your needs before you know them yourself. They are always nearby to help you, and as they watch over you, they become your angels—an everyday occurrence at St. Luke's.

We invite you to recognize your St. Luke's *Everyday Angel* by making a tax-deductible charitable gift in their honor. Anyone can be recognized - a nurse or doctor, dietitian or therapist, volunteer or administrator, technician or housekeeper.

Without specifying the amount of your gift, we will notify your *Everyday Angel* of your tribute. Honorees also receive a special certificate and custom-crafted St. Luke's *Everyday Angels* lapel pin to wear with pride as a reminder of the difference they made in your life.

To recognize an *Everyday Angel*, simply write the name of the person you are honoring, include an optional message, and return with your donation.

**YES, I Am Grateful!**

Enclosed is my gift of:  \$25  \$50  \$100  \$\_\_\_\_\_

Please direct my gift to the following area: \_\_\_\_\_

Your Name \_\_\_\_\_

*As you would like it to appear on acknowledgements*
