

# 2023 Sun Valley Cerebrovascular Conference Abstract Schedule

## Abstract Session 1, Friday, January 20th, 9:27-10:30 a.m.

9:27-9:37 a.m.	Multi-center Series of 23 Patients with Ruptured Supraclinoid Internal Carotid Artery Blister Pseudoaneurysms Treated with Phosphorylcholine Surface-modified Flow Diverters	<i>Dr. Evan Joyce</i>
9:37-9:47 a.m.	Decoding the Alphabet Soup of Chronic Subdural Hematoma Treatment CSDH: MMA + SEPS +/- TPA	<i>Dr. Edward Duckworth</i>
9:47-9:57 a.m.	Delayed Appearance of Basilar Trunk Small Atypical Aneurysms in Non-Traumatic, Initially Angiogram-Negative Subarachnoid Hemorrhage: A Report of Three Patients	<i>Jonathan Wagner Espinosa</i>
09:57-10:07 a.m.	Surgical Treatment of Brain Arteriovenous Malformations due to Hereditary Hemorrhagic Telangiectasia	<i>Dr. Jacob Bagley</i>
10:07-10:17 a.m.	Isolated Cavernous Malformation of the Cranial Nerve VII and VIII Complex: A Case Report and Systematic Review	<i>Dr. Ashia Hackett</i>
10:17-10:27 a.m.	Intracranial B Waves as Drivers of Glymphatic Flow	<i>Dr. David Newell</i>
10:27-10:30 a.m.	Q/A & Discussion	

## Abstract Session 2, Saturday, January 21st, 9:27-10:30 a.m.

9:27-9:37 a.m.	Transcirculation Approach for Stent-assisted Coiling of Intracranial Aneurysms: A Multicenter Study	<i>Sarath C. Pathuri</i>
9:37-9:47 a.m.	Cerebral Cavernous Malformations Presenting with First-time Seizure: A Retrospective Analysis on Initial Antiepileptic Drug Choice	<i>Elsa Nico</i>
9:47-9:57 a.m.	Influence of Patient and Technical Variables on Combined Direct and Indirect Cerebral Revascularization	<i>Dr. Ramesh Grandhi</i>
9:57-10:07 a.m.	Spinal Catheter Thrombolytic Administration Improves Outcomes in Aneurysmal SAH: Case Series and Systematic Review/ Meta-analysis	<i>Dr. Jay Howington</i>
10:07-10:17 a.m.	Microsurgery for Intracranial Arteriovenous Malformations: Over Twenty Years of Experience at a Single-center with Long-term Outcomes in 330 Patients	<i>Dr. Ann Mansur</i>
10:17-10:27 a.m.	Duplicated Fetal Posterior Cerebral Artery in a Patient with a Ruptured Fetal Posterior Cerebral Artery Aneurysm: A Cerebrovascular Variant	<i>Keannette L.P. Russell</i>
10:27-10:30 a.m.	Q/A & Discussion
