Continuing Our Legacy of Excellence in Health Care

From our founding in 1902 to 2022, when we were recognized as one of the top 15 Health Systems in the nation for the 9th consecutive year, St. Luke’s has always been a leader in quality care and a dedicated community partner.

As Idaho’s only locally based, not-for-profit, community owned and led health system, we are committed to providing all patients with the highest quality health care, regardless of their ability to pay.

“Health care is about relationships. Great health care comes from the heart, and I am thankful to be able to say that St. Luke’s partnerships, community collaborations, board member engagement, volunteer dedication and team member commitment are driven by that heart-centered spirit. It makes our mission—and excellent patient outcomes and experiences—possible."

– Chris Roth, St. Luke’s President and CEO

St. Luke’s new, innovative primary care facility in south Nampa improves access to greatly needed specialty services as well as telehealth, lab, imaging, pharmacy and same-day care. The consumer learning from the facility also will inform our future care delivery approach.

Recognizing the significant need for mental and behavioral health support for youth, St. Luke’s increasingly invests in organizational partners such as Boys & Girls Clubs, Breaking Chains Academy of Development, The Mentoring Network and others that are focused on providing safe spaces; resources, tools and skill-building; and creative solutions to preventing and solving crises.
Report of Community Benefits 2023

St. Luke’s primary service area is Ada County, with our secondary service area covering southwest, south-central and west-central Idaho, eastern Oregon and northern Nevada. The numbers below provide a broad overview of the rich benefits St. Luke’s provides to local communities in these counties: Ada, Blaine, Canyon, Elmore, Jerome, Twin Falls and Valley. All numbers are current as of the fiscal year ending Sept. 30, 2023.

Community Needs Determination Process

St. Luke’s community health efforts are directed by community needs assessments, St. Luke’s community boards and Community Health and Engagement. In 2023, St. Luke’s and partners conducted the first joint Community Health Needs Assessment, which is designed to help us better understand the most significant health challenges facing the individuals and families in our service areas.

Community Health and Engagement, in collaboration with internal and external stakeholders, is responsible for developing, implementing and maintaining optimal community health initiatives designed to address our communities’ most significant health needs.

St. Luke’s dedication to community benefit guides us to maximize partnerships and available resources, ensuring people have equitable opportunities to achieve their optimal health and well-being.

– Theresa McLeod, St. Luke’s Administrator of Community Health and Engagement
Providing a High Quality of Care

St. Luke’s West Treasure Valley Overview

Report of Community Benefits 2023

Our commitment to Canyon County continues to grow with St. Luke’s Nampa Medical Center, clinics throughout the county and St. Luke’s Fruitland Medical Plaza in the Fruitland-Ontario area. We’re a dedicated partner with area nonprofits working together to improve the health of people in this rapidly growing and diverse region, from the more populated cities to smaller, more remote rural communities.

**Improving Access to Patient-Centered Care**

**$13.4 Million Total**
Total Capital Improvements—One hundred percent of St. Luke’s revenue after expenses is reinvested into land, facilities, equipment and other capital supporting the hospital’s mission for Canyon County.

**$11.4 Million**
South Nampa Community Clinic—The first of its kind, this clinic offers primary care services including pediatrics, family and internal medicine, as well as urgent care and same-day visits, an in-house pharmacy, lab and x-rays.

**$1.3 Million**
Facilities Development—We are dedicated to updating equipment and expanding our clinics and facilities in West Treasure Valley to give patients the best quality of care.

**$682,149**
Technology—We continually upgrade key information technology infrastructure to boost efficiencies, lower costs and most importantly, improve safety and quality for patients.
Giving Thanks

Our work assessing and addressing community needs would not be possible without a visionary board of directors and our dedicated community boards. We are grateful for their partnership and guidance.

The information provided in this report is required by Idaho Code 63-602D, which states that 501(c)(3) hospitals having 150 or more beds must file a community benefit report with the Board of Equalization by Dec. 31 of each year. According to the code, the report is to include a description of the process the hospital has used to determine general community needs that align with the hospital’s mission. In addition, the report shall include the hospital’s amount of:

- Unreimbursed services for the prior year (charity care, bad debt, and under-reimbursed care covered through government programs).
- Donated time, funds, subsidies and in-kind services.
- Additions to capital such as physical plant and equipment.
